Gidday all, winter left us and the weather started to fine up into nice bike riding weather then winter came back! We can only hope that spring resumes soon, I can feel the need for some speed and wind in my face. Anyone got any idea's for some rides or places to visit?

To those going, or hoping to go, or contemplating Mildura AGM next year, it's time we got together to plan where we are going to stay.

If we go to the AGM site and want to stick together we will need to get our entry forms in at the same time to get a tent site for the lot of us, BUT as vans and campers can't get into the Site we might have to look at booking a site or two in a van park, also we have to discuss when the majority are travelling over and back to see if we can coordinate our travel plans.

With this in mind contact either Dee or myself with your travel timeline etc. The Wagin Odyssey, to the members attending, ride safe and have a good time.

Hopefully the weather will fine up soon and there will be some extras meeting up for the Sunday rides. Welcome to our newest members Gary Graham and Geoff Mober, good to see some new blood in the group.

See you.

Steve (Homer) Smith.

A while back, when I was considerably younger, I picked up a lovely date at her parents' home.

I'd scraped together some money to take her to a fancy restaurant.

She ordered the most expensive items on the menu; shrimp cocktail, Lobster Patron & champagne.

I asked her, "Does your mother feed you like that when you eat at home?"

"No," she replied. "But my mother's not expecting a blow job tonight."

So I said "Would you care for dessert?"

## The Penis Poem

My nookie days are over,  
My pilot light is out.  
What used to be my sex appeal,  
Is now my water spout.  
Time was when, on its own accord,  
From my trousers it would spring.  
But now I've got a full time job,  
To find the f\*\*\*in' thing.  
It used to be embarrassing,  
The way it would behave.  
For every single morning,  
It would stand and watch me shave.  
Now as old age approaches,  
It sure gives me the blues.  
To see it hang its little head,  
And watch me tie my shoes!!

*In the meantime.....Stay upright, stay safe and have as much fun as you can without getting arrested. Fe.Male.*

*On a more embarrassing note E. Male failed to stay upright on a perfectly straight track in some very slippery mud up Balladonia way and is off to Perth next week to have a small plate put in his right leg (broken fibula) not too serious. All happened on a jaunt out east through the old homestead country with our son Scott, was going swimmingly until it wasn't. Ahh well! Faeces occurs..... plan is to still make Wagin.*
